

H2A

WHEREAS the US sheep industry has a critical need for guest workers

WHEREAS the US sheep industry has used the H2A program to provide a legal workforce for more than 50 years,

WHEREAS questions still remain about the health insurance requirements and the numerical cap provisions in the proposed new H2C program;

BE IT DIRECTED that ASI support and works to ensure passage of H.B. 4092 (the Ag Act) to fulfill this critical labor requirement of the US sheep industry,

BE IT FURTHER DIRECTED that ASI works to address the concerns of the health insurance requirement, and the numerical cap.
